Advance Funding Programme, Ontario Lottery Corporation

Le Programme d'avance de fonds, Société des loteries de l'Ontario

Recommendation

That the roster, attached as Document 1, recommending the charities, not-for-profit groups, and community groups to receive funding, including the funding amount, be approved and forwarded to the Ontario Lottery Corporation.

February 16, 1999 (8:48a)

John Burke
Chief Administrative Officer

DS:ds

Contact: Linda Black - 244-5300 ext. 1-3318

Financial Comment

Monies to be paid to charities, non-for-profit and community groups will be disbursed directly by the Ontario Lotteries Corporation and, accordingly, approval of this report will have no impact on City finances.

Executive Report

Reasons Behind Recommendation

Advance Funding Programme - Background

At its meeting of November 18, 1998 Council approved the principles of a staff administered Charity Grants Programme to review all applications received pursuant to the Ontario Lottery Corporation's Advance Funding Programme (AFP).

The Ontario Government announced the AFP in the summer of 1998 as a one-time programme intended to provide funds to eligible charities, not-for-profit organizations, and community groups in recognition of the loss of an important revenue source with the discontinuation of Monte Carlo events (roving casinos) in March of 1998.

Each Ontario municipality has been assigned a per capita share of the \$40 million available under the Advance Funding Programme. Ottawa's share is **\$1,194,262**.

A standard application form was prepared by the Ontario Lottery Corporation (OLC). Municipalities were assigned responsibility for receiving and reviewing the application forms and, based on their review, for creating a roster of organizations to receive funding including the recommended amount of funding that each charity is to receive.

Council-approved rosters are to be submitted to the OLC for final approval and direct distribution of funds to the charities. The OLC must receive all rosters by March 31, 1999.

City of Ottawa Process

The City of Ottawa placed two general newspaper advertisements (in the Citizen, the Sun and Le Droit) in October and November notifying the general public of the AFP program. City licensing staff mailed the application package to approximately 500 organizations contained on the City's lotteries database. City arts and heritage staff also notified organizations falling within

their mandate. In addition, the OLC mailed the original application package to approximately 29,000 organizations contained on the OLC database.

As a result of that comprehensive notification programme, a total of 249 valid applications were received by the City.

In keeping with the OLC guidelines, preference was given to applicants who held Monte Carlo events in the City of Ottawa between January 1, 1996 through March 31, 1998. Thirty-two applicants submitted OLC paperwork summarizing Monte Carlo revenues raised over the prescribed period and those applicants have been recommended to receive a grant equivalent to the revenue the organization would have been expected to generate in one year (i.e., the total revenue generated between Jan. 1/96 to Mar 31/98 prorated to 12 months). A total of **\$178,590** was allocated to organizations which held Monte Carlo events.

Three Charity Grants Committees in support of “Community Support Services”, “Culture”, and “Sports and Leisure” were established to make recommendations respecting the distribution of the remaining **\$1,015,672** (\$1,194,262 less \$178,590). The three Grants Committees had budget targets of \$507,836 (50%); \$253,918 (25%); and, \$253,918 (25%) respectively.

The Community Support Services Committee was comprised of representatives from: the Community Foundation of Ottawa-Carleton; United Way; Regional Health and Social Services; and, the City of Ottawa.

The Culture Committee used the City’s Cultural Assistance Programme (CAP) to evaluate all cultural applications. Arts applications were reviewed by a jury of 5 arts experts and heritage applications were reviewed by a jury of 3 heritage experts, from the local community.

The Sports and Leisure Committee was comprised of City staff from: Sports Services, Woman and Sport; Corporate Lottery Section; and, field staff from recreation facilities.

In keeping with OLC guidelines, priority was given to organizations which demonstrated that the services or programmes under consideration for funding would directly benefit the local (City of Ottawa) community. In addition, recommendations for funding were based on the budgetary needs of the organization (i.e., groups which justified a definite need for advanced funding took precedence over those with operating surpluses),

To facilitate review of the above requirements, the OLC application requested that organizations submit, among other things: financial statements; operating budgets; details respecting other sources of funds and how any funds advanced will be used; and, a detailed outline of programmes and services: what they are, how they are delivered to clients and specific costs.

Although the details of criteria varied between the three grants committees, in general, all applications were evaluated based on an assessment of: clarity, need; merit, feasibility and benefit to the local community.

As noted previously, each of the Grants Committees had an identified target budget at the outset of the evaluation process. After each Committee had allocated what it deemed to be appropriate

grants to the applicants within its envelope area, the staff representative for each envelope area identified any surplus or shortfall versus the target amount. Minor adjustments were made to the budget targets to ensure that the organizations which justified the greatest need were accommodated.

The Community Support Services Grants Committee reviewed 172 applications and recommended a total allocation of \$529,280 (52% of the total grants committees budget). The Cultural Grants Committee reviewed 47 applications and recommended a total allocation of \$265,672 (26% of the total grants committees budget). The Sports and Leisure Grants Committee reviewed 30 applications and recommended a total allocation of \$220,720 (22% of the total grants committees budget).

The final roster (attached as Document 1) lists all organizations which submitted applications that complied with the AFP guidelines including the amount of funding recommended for each organization.

Where an applicant has been recommended for no funding, it is typically because:

- the organization identified an operating surplus
- other sources of funding were identified
- the application was unclear in its identified use of funds
- requested funds were not for a permitted use (e.g., capital projects; fundraising activities)
- the use of funds was deemed “low priority” in the context of the other applications received

Subject to Council approval of the roster, the Department of Urban Planning and Public Works will forward the roster and any required materials (e.g., mandatory documentation provided with the applications) to the OLC prior to the March 31, 1999 deadline.

Notification

Each organization which submitted an application has been: advised of its recommended amount of funding; notified of the PP&B meeting at which this item is scheduled to be considered; and, invited to contact the staff representative of the applicable Charity Grants Committee with any questions respecting the organization’s application.

Disposition

Department of Urban Planning and Public Works to forward roster and other required materials to the Ontario Lotteries Corporation.
