Rec'd	2000 -01- 31
FILE #	06-99-0119
DOC I.D #	00-0156
ACTION TAKEN	
TO	G. Houle

Recipient: Audrey Churgin
Date: January 25, 2000

I received a \$5500 RMOC "A" Grant in support of my exhibition at Centre d'Exposition l'Imagier in Alymer, Quebec, December 1999.

I used the grant money to custom frame-my work, and for materials in their production. I exhibited 70 small works, each comprised of graphite drawings and computer generated images printed on mylar. I also purchased a new computer and scanner for the production of this work. The art was made in collaboration with children.

I was very pleased by the quality of the display, made possible through this generous grant to me by the Regional Municipality. The show was well received by the public and the media, and was the celebratory millennium exhibition for the gallery. I was quite satisfied by the media coverage, as there were 2 radio reviews, Roger's television coverage, and a large article printed in Le Droit newspaper. I have included a copy of that article for your information.

Thank you again for the Region's support of my participation in this exhibition. I count it as one of my most successful artistic endeavors. The grant was essential towards that success in providing me the opportunity to produce such high quality work.

Audrey Churgin, Artist.
