SUBJECT/OBJET **1998 REPORT ON THE CLOSING OF CAPITAL PROJECTS**

REPORT RECOMMENDATION

That the Corporate Services and Economic Development Committee and Council receive this report for information.

BACKGROUND

Each year, Regional Council approves the budget authority and spending plan for the capital program as part of the budget process. Within the capital program, each project has its own individual authority and spending plan. Upon completion of these capital projects there are minor financing adjustments required to effect their closing. The Finance Commissioner has the delegated authority to make the financing adjustments required.

FINANCIAL SUMMARY

A total of 74 capital projects have been closed. The results are summarized by fund below and detailed in the attached appendices. The closing of these projects eliminates \$9,149,000 in outstanding commitments against the various reserve funds. These funds are now available to finance other capital projects.
