Dear Dr. Dunkley:

I am pleased to confirm that annual funding for the Program Training and Consultation Centre has been approved to March 31, 2001. The Community and Health Promotion Branch will provide the Program Training and Consultation Centre with an addendum to the existing contract in the amount of \$300,000 to cover the period April 1, 2000 to March 31, 2001. A representative from the Tobacco Strategy Unit, Community and Health Promotion Branch will be contacting you shortly to arrange the details of this addendum.

As you know, the use of tobacco causes more death and serious illness in Ontario than any other health issue, and is therefore our most important public health problem.

Please accept my congratulations on this initiative. Your commitment to the Ontario Tobacco Strategy continues to benefit communities across the province.

Yours very truly,

**Dorothy Loranger
Director**
